### Spring Service

**"Is your mower ready for summer?"**

#### Did you know?

Having the mower serviced prior to the heavy spring mowing period will help:

- >> Your equipment will run "hassle-free" through out summer (any problems are sorted out).
- >> Ensure the longevity of your equipment.
- >> Workshop turn-around times this time of year can be "a couple of days" verses "a couple of weeks" in the busy period.
- >> Honours your warranty obligations.

#### September Issue

Hi %%First\_Name%%

School holidays are on this month, beautiful time of year to visit to have some family time.

19th September is "Talk like a pirate day". What is a pirate's favourite letter? "Rrrrrrrrr" (love this joke).

Honda is having their yearly Dealer Meeting in Cairns this month no free beer at this one (bugger) but I will keep you up dated if there are any new product releases etc.

School holidays are here and it is a beautiful time of year to go camping, not too cold or wet. Honda has extended their \$300 Cash Back on Honda EU20i Generator to the 30th September if you are looking for one to go camping with, now is the time.

Spring is the time of year we suggest you look at getting your lawn mower and garden equipment serviced. We are offering a **FREE LOCAL PICK-UP** for equipment to be serviced during Sept-Oct, please ring 40 917 499 **to make your booking**.

**CLASSIC SHOTS**

It has come to my attention that you seem to be continually under the influence of alcohol. To clear the air, I'd like you to answer the following question:  
Which direction is this car going?

### BBQ RULES

We'll be entering the BBQ season in a few months. Therefore it is important to refresh your memory on the etiquette of this sublime outdoor cooking activity. When a man volunteers to do the BBQ the following chain of events are put into motion:

#### Routine

The woman buys the food

The woman makes the salad, prepares the vegetables, and makes dessert

The woman prepares the meat for cooking, places it on a tray along with the necessary cooking utensils and sauces, and takes it to the man who is lounging beside the grill - beer in hand

The woman remains outside the compulsory three meter exclusion zone where the exuberance of testosterone and other manly bonding activities can take place without the interference of the woman

Here comes the important part >>

**THE MAN PLACES THE MEAT ON THE GRILL**

More routine

The woman goes inside to organize the plates and cutlery.

The woman comes out to tell the man that the meat is looking great. He thanks her and asks if she will bring another beer while he flips the meat.

**Important again:**

**THE MAN TAKES THE MEAT OFF THE GRILL AND HANDS IT TO THE WOMAN**

**More routine**

The woman prepares the plates, salad, bread, utensils, napkins, sauces, and brings them to the table

After eating, the woman clears the table and does the dishes

**And most important of all:**

**Everyone PRAISES the MAN and THANKS HIM for his cooking efforts**

The man asks the woman how she enjoyed 'her night off ' and, upon seeing her annoyed reaction, concludes that there's just no pleasing some women!
